**SRS-1 Solvent Removal System**  
 For Solvent Removal and Recycling of Cannabis and Hemp Oil

**FEATURES**

**AUTOMATION**

- Designed for single operator batch processing
- Uses SRS Series Logicmatic programming
- Standard PLC controls
- On-screen cycle progress

**SAFETY**

- UL certified electronics (UL2008 and UL5000 certified)
- Boiling tank 304 stainless steel construction
- No glass components
- Multiple emergency shutdowns with pressure relief valve
- Multiple monitoring probes that accurately control operating temperature

**ERGONOMICS**

- Operates in a controlled and enclosed environment within the unit's footprint
- Collection bags designed to provide easy removal of final concentrate from the boiling tank
- Convenient material loading/unloading
- Minimal labor required

**PERFORMANCE**

- Designed to enable bulk production and recovery in any volume
- Consistent solvent removal processing for consistent product quality batch to batch
- 3-61 gallons per hour cycle time\*

**SRS-2 Solvent Removal System**  
 For Solvent Removal and Recycling of Cannabis and Hemp Oil

**FEATURES**

**AUTOMATION**

- Designed for single operator batch processing
- Uses SRS Series Logicmatic programming
- Standard PLC controls
- On-screen cycle progress and diagnostic monitoring

**SAFETY**

- UL certified electronics (UL2008 and UL5000)
- Boiling tank 304 stainless steel construction
- Multiple emergency shutdowns with pressure relief valve
- Multiple monitoring probes that accurately control operating temperature
- No glass components

**ERGONOMICS**

- Convenient material loading/unloading
- Operates in a controlled and enclosed environment within the unit's footprint
- Collection bag design designed to provide easy removal of final concentrate from the boiling tank
- Minimal labor required

**PERFORMANCE**

- Lower temperature operation
- Designed to enable bulk production and recovery in any volume
- Consistent solvent removal processing for consistent product quality batch to batch
- 3-61 gallons per hour cycle time\*
